

DECLARATION BY THE CANDIDATE

This is to declare that I have carried out the M.Sc. project entitled "**STUDY OF CERTAIN FRESH WATER DIATOMS IN *in vitro* CULTURES WITH RESPECT TO MINERALIZATION OF SILVER AND ARSENIC**" under the guidance of Professor A.K.Buragohain in the Department of Molecular Biology and Biotechnology, Tezpur University for the partial fulfillment of the degree in Master of Science in Molecular Biology and Biotechnology. This Thesis embodies the accounts of my own findings and has not been submitted previously anywhere for any degree whatsoever by me or anyone else.

Place: Tezpur

CERTIFICATE BY THE HEAD OF DEPARTMENT

This is to certify that **Miss. Anupama Das**, student of the Department of Molecular Biology and Biotechnology, Tezpur University, Assam has successfully completed the Project work entitled “**STUDY OF CERTAIN FRESH WATER DIATOMS IN *in vitro* CULTURES WITH RESPECT TO MINERALIZATION OF SILVER AND ARSENIC**” as a part of partial fulfillment of her degree of Master of Science in Molecular Biology and Biotechnology under the supervision of Professor A.K. Buragohain, Department of Molecular Biology and Biotechnology, Tezpur University, Assam.

Place: T.O.

CERTIFICATE BY THE SUPERVISOR

This is to certify that **Miss Anupama Das** has completed the M.Sc. project entitled "**STUDY OF CERTAIN FRESH WATER DIATOMS IN *in vitro* CULTURES WITH RESPECT TO MINERALIZATION OF SILVER AND ARSENIC**" under my supervision. She has fulfilled the requirements of the regulations relating to the nature and prescribed period of M.Sc. project at Tezpur University. The thesis embodied accounts of her own findings and has not been submitted previously anywhere for any degree whatsoever by her or anyone else.

Place: *Tezpur*

ACKNOWLEDGEMENT

The project remains incomplete without forwarding my thanks and gratitude to everyone who have in one way or the other way helped me in my project work.

My heartfelt thanks are for Professor A.K.Buragohain,Department of Molecular Biology and Biotechnology,for accepting me as a M.Sc. project student and for his guidance throughout the project work inspite of his busy schedule. His passion for research together with scientific reasoning has been a source of inspiration to me.

I whole heartedly thank Professor A.K.Mukherjee,Head of Department of Molecular Biology and Biotechnology,for providing the support and necessary facilities in the laboratory for carrying out my project work.

I would also thank Professor B.K. Konwar, Dean of Science and Technology, for his advices.

I would also like to thank all the other faculty and staff members of the Department of Molecular Biology and Biotechnology,for their constant encouragement and support whenever required. I would specially like to thank Dr. M. Mandal for his invaluable advice and words of encouragement which infusd in me a sense of self confidence.

My whole hearted thanks goes to all the members of Plant Biotech lab. My special thanks to Ranjan Dutta Kalita, Nilakshi Barua, Lipika Aidew, Suwendu Shekhar who helped me to learn the various techniques and the finer details of my work.

I would also like to thank Rocktotpal Konwarh, Research Scholar, Department of Chemical Sciences for his constant encouragement and help.

I profusely thank my co-operating lab-mate, Mr. Alakesh Das for whom there was never a dull moment in the lab or outside during the project period and to the technical staffs of MBBT Department who helped me in carrying out my analysis.

To the Department of Physics and Chemistry for letting me use their sophisticated instruments.

My special thanks to my parents who have encouraged and supported me throughout my life.

Thanks to all my classmates. Seeing them work day and night, and yet smiling, inspired me to put extra effort in my work.

Lastly, I want to thank GOD for showering his blessings on me throughout my life.
