ACKNOWLEDGEMENT

At the very outset I would like to express my gratitude to my Supervisor, Professor Alak K. Buragohain, Department of Molecular Biology and Biotechnology, Tezpur University for his able guidance, help and support and I do appreciate his patience and co-operation with me throughout the project.

I would also like to convey my sincere thanks to Dr. Sashi Baruah, Head of the Department, Department of Molecular Biology and Biotechnology. I would like to offer my special thanks to all the faculty members of the department of MBBT for their help and support.

My special thanks go to Ms. Nilakshi Barua, Ms. Lipika Aidew, Mr. Ranjan Dutta Kalita and Mr. Bhaskar Gogoi for helping me throughout the project and helping me learn all the techniques and details of my work. I would also like to thank all the Research scholars of the Department of MBBT for their constant help and support.

I would like to extend my gratitude to Dept. of Chemical Sciences, Dept. of Physics, Tezpur University and DRL (Defence research laboratory) for their support in the completion of the project.

I would also like to offer my sincere thanks to my hard working lab mates, Mr. Abid Hussain and Ms. Yutika Nath and all my friends and my family for their help and support throughout the project.
