

SUB INDEX

Particulars	Page no.
1. Abstract -----	1
2. Introduction -----	2-4
3. Review of literature-----	5-7
4. Objectives -----	8
4. Materials and methods-----	9-14
5. Results & Discussion-----	15-26
6. Conclusion -----	27
7. References -----	28-30

Figure and Photo index

Fig. no.	Particulars	Page no.
1.	Schematic representation of MSP-2 gene.	7
2.	Diagram showing allele frequency MSP2 of <i>P. falciparum</i> .	16
3.	Diagram showing mixed infection.	18
4.	Diagram representing the total number of bands seen.	19
5.	Diagram of the gel showing the DNA bands of MSP-2 alleles.	22
6.	Diagram showing the different cytokines expressed by the adherent cells cultured in the presence and absence of the MSP-1 antigen.	23
7.	Diagram showing the protein bands after incubating with primary and secondary antibodies (Anti mouse Ig G- HRP conjugated).	25

Table index

Table. no.	Particulars	Page no.
A	Patients' characteristics for MSP-2 gene diversity.	15
B	Binning of genotypes on basis of fragment size	20
