ACKNOWLEDGEMENT

First and foremost I would like to express my deepest gratitude to my supervisor Dr. A.K. Buragohain for his guidance, his ideas, his patience and his understanding throughout the course of my project work.

I would like to thank the Head of the Department, Prof. B.K. Konwar for his support in everything that we required.

My gratitude also goes to my teacher, Dr. S.K. Ray, for all sorts of critical analysis of my work, without which it would not have been complete.

I would like to thank Mr. S.S. Satpathy, a student of Computer Science & Information Technology, TU, who developed the computer program that made this work possible.

Heartiest thanks go to my project partner Ms. Aurelia Syngkon for her constant support and encouragement. Special thanks to Amit Ranjan, Nilakshi, Diganta and the rest of my classmates for their co-operation.

Last but not the least, I thank my family for constant encouragement.

Ranjan Dutta Kalita
