

TEZPUR UNIVERSITY

(A Central University established by an Act of Parliament)
Department of Molecular Biology and Biotechnology
NAPAAM, TEZPUR-784028

B. K. Konwar, Ph.D. (London). DIC
Professor & Head

Ph : +91-3712-267172
E-mail: bkkonwar@tezu.ernet.in

CERTIFICATE

This is to certify that the project entitled "Biosurfactant producing plasmid in Pseudomonas sp. and its mobilization" has been successfully completed by Mr. Thangminlen Kipgen a student of M.Sc. (Molecular Biology and Biotechnology) from Tezpur University, Tezpur, Assam, and it embodies the original work carried out by him. His work has been found excellent for the partial fulfillment of the requirement of the degree of M. Sc.

This project has not been submitted in part or in full in any other university for the award of any degree or diploma.

Mr. Thangminlen Kipgen is a man of good moral character. He is dynamic and hard working. I wish him success in future.

Date : 22/06/06

ACKNOWLEDGEMENT

I take this opportunity to express my deepest sense of appreciation and profound gratitude to my supervisor Mr. Manabendra Mandal, Lecturer, Department of MBBT, Tezpur University, Assam for his valuable guidance, perceptive criticism and constant encouragement throughout my project. His keen interest, inspiring enthusiasm and advice brought this project to a stage of completion, for which I shall remain ever indebted to him.

I also wish to express my deepest gratitude to Prof. B. K. Konwar, for helping and providing me the necessary facilities to complete my project and for his valuable guidance throughout the project work.

I deeply express my heartfelt thankfulness to all the other faculty members of the Department of Molecular Biology and Biotechnology, Tezpur University for their kind suggestions and help whenever sought.

I also take this moment to thank Mr. Naba Bordoloi, Ph. D. scholar, for his valuable foresightedness and caring guidance.

I would like to also thank Rakesh and Nima for their support and my friends and classmates for their constant inspiration all along the project work.

I would simultaneously like to express my sincere gratitude and indebtedness to the ONGC sponsored Center for Petroleum Biotechnology (CPBT) for providing me the necessary microbial strains, without which I would never have succeeded in completing this study.

Last but not the least, I express my deepest regards and gratefulness to my parents for their constant encouragement, inspiration and moral support along every step of this study.
