

DECLARATION

This is to declare that I have carried out the project entitled "Cloning and expression of the mycobacterial thymidylate synthase complementing protein gene" under the guidance of Professor A. K. Buragohain, Department of Molecular Biology and Biotechnology, Tezpur University for the partial fulfillment of the degree in Master of Science in Molecular Biology and Biotechnology. This thesis embodies the accounts of my own findings and has not been submitted previously anywhere for any degree whatsoever by either me or anyone else.

Place: Tezpur

Date: 3.06.2013

CERTIFICATE OF THE HEAD OF THE DEPARTMENT

This is to certify that Ms. Anandita Basu, a student of the Department of Molecular Biology and Biotechnology, Tezpur University, Assam has successfully completed the project work, entitled "Cloning and expression of the mycobacterial thymidylate synthase complementing protein gene" as a part of partial fulfillment of her Master of Science in Molecular Biology and Biotechnology under the supervision of Dr. A.K. Buragohain, Professor, Department of Molecular Biology and Biotechnology, Tezpur University.

Place: Tezpur

Date: 3.06.2013

CERTIFICATE OF THE SUPERVISOR

This is to certify that, Ms. Anandita Basu, a student of M.Sc. 4th semester of department of Molecular Biology and Biotechnology has worked out the project entitled "Cloning and expression of the mycobacterial thymidylate synthase complementing protein gene" under my supervision. The project embodies account of her own findings to the best of my knowledge and no part of it has been submitted previously anywhere for any degree whatsoever by either her or anyone else.

Place: Tezpur

Date: 3.06.2013

A handwritten signature in black ink, appearing to read 'A.K. Buragohain', with the date '30 05 13' written below it.

(A.K.Buragohain)

Professor & Registrar

ACKNOWLEDGEMENT

At the very outset I would like to express my gratitude to Supervisor, Professor A. K. Buragohain, Department of MBBT, Tezpur University for his able guidance, help and support and I do appreciate his patience and co-operation with me throughout the project.

Special thanks to Department of Biotechnology (DBT), Govt. of India, for the M. Sc thesis grant. I would also like to convey my sincere thanks to Professor Sashi Baruah, HOD, Department of MBBT and all the faculty members of the department of MBBT for their help and encouragement.

I am grateful to Mrs. Nilakshi Baruah, Ms. Lipika Aidew, Mr. Bhaskar Gogoi, Mr. Ranjan Dutta Kalita and Miss Yutika Nath for helping me throughout the project and helping me learn all the techniques and details of my work. I would also like to thank all the research scholars of the Department of MBBT for their constant help and support.

I would also like to offer my sincere thanks to my lab mate, Miss Pratima Gurung and all my friends and my family for their help and support throughout the project.

I would like to dedicate this work to my family and my teachers.

Date: 3.06.2013
